Class Overloads

So, you want to get into a closed section of Physics? Please follow these instructions:

Step 1: Sign up on the overload list with Susan Miller, Rm. C136 in the Physics building. You can also sign up by email: susanh82@phys.washington.edu.

Step 2: Continue trying to register on your own. We are not able to automatically enroll students into sections when spots open up, so it is HIGHLY recommended that you check for open spots on the time schedule several times a day. If you find a spot on your own, take it and email Susan so she can remove your name from the list.

Step 3: On the FIRST DAY OF CLASS, email Susan Miller (susanh82@phys.washington.edu) before NOON to verify that you still need to overload. Include the following information:

1. Your name and student ID#
2. The SLN(s) and section(s) you wish to overload (Example: Phys 121A 19023, AA 19024, AM 19035). If you can fit several different sections into your schedule, list them in order of preference.
3. Your reason for needing to overload into a specific section.

Susan will begin overloading courses on the first day of class in the afternoon. If she has not received an email from you to confirm your need to overload, she will skip your name on the list.
