PHYS 225 A: Introduction to Quantum Mechanics

Meeting Time: MWF 9:30am - 10:20am

Location: PAA A118

SLN: 19310

Instructor: Jason Detwiler
View profile

Catalog Description:
Emphasizes two-state systems. Introduces spin and applications in nuclear magnetic resonance. Prerequisite: either a minimum grade of 2.0 in PHYS 227; or a minimum grade of 2.0 in PHYS 123 and MATH 136; or a minimum grade of 2.0 in PHYS 123, and minimum grade of 2.0 in either MATH 307 or AMATH 351, and minimum grade of 2.0 in either MATH 308 or AMATH 352. Offered: WS.

GE Requirements:
Natural World (NW)

Credits: 3.0

Status: Active

Section Type: Lecture

Last updated: March 31, 2019 - 9:21pm
