PHYS 331 A: Advanced Laboratory: Optics

Meeting Time: Th 11:30am - 12:20pm

Location: PAA A118

SLN: 20430

Instructor:

Xiaodong Xu
View profile

Catalog Description:
Measurements of interference and diffraction, optical properties of matter, image processing, interferometry, holography. Prerequisite: a minimum grade of 2.0 in PHYS 227; and PHYS 321, which may be taken concurrently. Offered: A.

GE Requirements:
Natural World (NW)

Credits: 3.0

Status: Active

Section Type: Lecture

Last updated: May 27, 2021 - 12:24am
