Paths to Graduation

Students take a variety of paths through the physics requirements. A transcript study showed less than 1% of graduates over a four year period followed the “standard path” of 100-level in their first year at UW, 200-level in the second, 300 in the 3rd and 400 in the 4th year. The links from this page are a starting point for developing your graduation plan.

- Typical Offerings by Quarter
- 2019-2020 Quarterly Course Offerings
- Selected Syllabi
